Evaluation will be made by the Education and Credentials Committee on the basis of a submitted CV including evidence of satisfying scientific achievement in an area relevant to equine internal medicine and evidence of international standing. The result of the evaluation shall be forwarded by the Chair of the Education and Credentials Committee to the Board of the College with recommendations regarding the granting of the Associate Member Status. The Board shall be responsible for conferring Associate Member status on behalf of the College. The following rules apply:

1. Associate Members are not conferred any diplomas and are not entitled to use the designation of Diplomate.

Section 10:

In order to evaluate the requirements laid down in section 6 and section 9 of this article, all Diplomates are required to submit every five years a summary of their professional activities in which evidence of fulfilling these requirements and evidence of continuous education must be included. The format of this summary has to be approved of by the European Board of Veterinary Specialisation and will be evaluated by the members of the speciality group. Negative evaluation may lead to cessation of registration. These Diplomates are awarded a non-practising diploma status, unless the cessation was for reasons for temporary or permanent suspension. They are bound to use the designation of non-practising Diplomate. A non-practising Diplomate seeking to revert to full Diplomate status needs to satisfy the requirements of the Education and Credentials Committee.

Section 11:

Cessation of registration must be approved by the Board of the College and requires twelve months' notice.
