

## CLINICAL SCHOLAR TRAINING PROGRAMME

### Combined 4-year Residency and Masters Programme in Equine Internal Medicine

The University of Glasgow and Rainbow Equine Hospital are pleased to offer a joint Residency and Master's Degree by research programme in equine internal medicine. Graduates in veterinary medicine, who have completed at least two years in general practice or a one year rotating internship, are invited to apply for this training post. Applicants must be a Member of the Royal College of Veterinary Surgeons, or hold a veterinary degree qualifying them for membership. Candidates will be expected to sit board-certification examinations of the European College of Equine Internal Medicine in 2020 and to undertake a Master's degree by research in the field of equine trypanosomosis. Time will be divided equally between two residency training centres: The Weipers Centre Equine Hospital (School of veterinary Medicine, University of Glasgow), and The Rainbow Equine Hospital (Malton, N. Yorks). The training programme requires participation in the clinical services of both hospitals, and includes small-group teaching of veterinary students. Clinical supervision and training will be provided primarily by Dr David Sutton (Glasgow) and Mr Dave Rendle (Rainbow). Scholarships are renewed annually, subject to satisfactory progress. Initial stipend is £18,870 (PAYE exempt), rising to £20,400 by the fourth year. An additional £1,500 per annum is available for attendance at conference(s), examination fees and externship costs. The proposed start date for this position is October 2016.

**The closing date for applications is 17<sup>th</sup> August 2016.**
