

'Inflammatory Airway Disease; one syndrome, multiple pathways'

Cabourg (Normandy, France); October 13-14, 2014.

<http://www.labo-frank-duncombe.fr/workshop>

Over ten years after its first edition, the next 'International Workshop on Equine Inflammatory Airway Disease' will be held in Cabourg (Normandy, France) on October 13-14, 2014. This main event is supported by **The Dorothy Russel Havemeyer Foundation**, and organised by **LABÉO Frank Duncombe (Hippolia Foundation)**.

Such Workshop represents a unique opportunity to gather practitioners, clinicians and researchers from all over the world into the heart of French equine industry, for a thorough update on Inflammatory Airway Disease which remains one major performance-threatening syndrome of athletic horses. The major theme of the workshop will be: *"How to go beyond cytology for characterising IAD?"*
