

ISME (Swiss Institute of Equine Medicine) at the Vetsuisse Faculty of the University of Berne and Agroscope, Switzerland, is seeking applications for a position as a

Resident in Equine Internal Medicine (ECEIM)

Starting date: 1 January 2018

Candidates are primarily working in the internal medicine department with off-time for research and preparation for ECEIM objectives.

Qualifications:

- DVM
- A completed 12-month internship in an equine practice or a 24-month job experience in a veterinary practice with main focus on equine medicine
- Outstanding interest in equine medicine and clinical research
- Languages: German and/or French (not mandatory but an asset), English

Applicants are kindly requested to submit the following documentation: CV, letter of intent, copies of diplomas and certificates and at least 3 references.

Deadline for application is **September 30, 2017**.

Documents may be sent by regular mail as well as e-mail to:
