

E & C committee (from 1st October 2009)

Tasks

- Institutes and Programmes
 - Registration
 - Reevaluation
- Residents
 - Enrolment (includes internship confirmation)
 - Resident Documentation Packs
 - Exam Applications
- Diplomate Re-Evaluation
- Journals, Conferences...

- No „deadline“ for enrolment
- First institute approval, then enrolle, then start

Resident Documentation Pack RDP

- 1st RDP after at least one year of training in Standard programme
- 2nd/3rd before or with exam application
- **Detailed case logs always** to be included
- 2011: 1st RDP: 12
2nd RDP: 10
19 residents asked
to send individual files

At least four weeks in direct contact with a Board-certified veterinary radiologist

Two of the four weeks **might** be provided by submitting images /videos and their written interpretation within the resident documentation pack. In institutes in which the general medicine service includes special imaging techniques, the resident must add two weeks to the required minimum of training rotations in equine medicine (i.e. must undertake 95 weeks of training rotations in equine internal medicine). The details are as follows:

- a) 6 digital images/videos with written interpretation of no more than 500 words per case.
- b) 3 radiographs, CTs or MRIs and 3 ultrasounds of different cases are required.
- c) There must be 2 images each of abdomen, thorax, head/neck area.
- d) Every image submitted must be obtained from a case listed in the case log.
- e) The cases need to be seen not within the two weeks which are to be spent in direct contact with the Board-certified veterinary radiologist.
- f) Each written interpretation must include the case log details. It must be printed and signed personally by the Resident and a Board-certified veterinary radiologist or the supervising diplomate, confirming that the case and the images were discussed thoroughly.
