

EQUINE INTERNIST POSITION ET LIVET EQUINE HOSPITAL

The position

A permanent position is available for a veterinary internist to contribute to our internal medicine, sport medicine and anesthesiology service. The ECEIM or ACVIM diploma would be appreciated but not mandatory. Our caseload consists of Standardbred, Thoroughbred, Sports and pleasure horses with a range of medical disorders, encompassing all aspects of critical care, including a large caseload of neonatology, sports medicine and general medicine. Medicine clinicians are primarily hospital-based and activity include also anesthesia. The out-of-hours emergency contribution is one in 4. Our working week includes Saturday morning during the foaling season (March to June). Applicants must speak French, be eligible to register with the French "Ordre National des Vétérinaire" (<https://www.veterinaire.fr/>) and must have the right to work in EU.

The Practice

LIVET Hospital Center is an exclusively equine practice, a team of 23 veterinary surgeons providing expertise over a wide range of disciplines, situated in the town of Livarot, Normandy, France. It is a small town, in a beautiful country yard, 45 min from the Channel.

In addition to Internal Medicine, veterinary staff range across the disciplines of surgery, reproduction, ambulatory practice. The hospital is very well equipped with ultrasound, scopes, X Ray, MRI, scintigraphy, scanner, Neonatal ICU, isolation,... Visit our website for further information: <http://www.chve-livet.com/>
