**Veterinary Teaching Hospital Camden (UVTHC)
Sydney School of Veterinary Science
Faculty of Science
Reference no. 2282/1118F**

About the opportunity

Reporting to the Head of Medicine, you will operate in a senior role in providing clinical medical services undertaken by the Equine Unit of the UVTHC. To assist with clinical training and supervision of undergraduates veterinary students and postgraduates in the Equine Unit.

In this position, you will:-

- Provide a specialist medicine service for primary accession, secondary and tertiary referral cases.
- Participate in the out-of-hour roster
- Grow the client base by excellent client and referring practice communications and service
- Oversee the supervision or postgraduate clinical trainees (residents)
- Contribute to pre-graduate teaching

About you

The University values courage and creativity; openness and engagement; inclusion and diversity; and respect and integrity. As such, we see the importance of recruiting talent aligned to these

values in the pursuit of clinical excellence. We are looking for a Veterinary Specialist in Equine Medicine – Locum, who possesses:

- Veterinary Degree registrable in NSW;
- Excellent clinical skills
- Ability to develop referral and primary accession practice
- Willingness to mentor junior clinical staff
- Willingness to provide clinical instruction to postgraduate and undergraduate students
- Postgraduate training and specialist registration in Equine Medicine

Please refer to the Candidate Information Pack for a detailed Position Description. To be considered, it is essential that you upload a resume and address the online selection criteria.

About us

The School of Veterinary Science is a leading provider of Veterinary and Animal Science education, and a leader in scientific research. The School is part of the Faculty of Science. The School provides a range of undergraduate & postgraduate degree programs in veterinary & associated disciplines and is a leader in animal welfare and ethics.

The Equine Services Unit of the UVTHC provide a 24 hour hospital service, an equine ambulatory service and also serve the University as a clinical teaching facility for undergraduate veterinary students. The unit is made up of a unit head, senior equine surgical and medical specialists, surgical and medical residents and equine medical and surgical interns. All positions contribute to the clinical teaching of the undergraduate students. The Equine Services Unit strives to provide a high standard of veterinary specialist and general veterinary services to the general public, including the thoroughbred and harness racing industry.

The role of the Locum Veterinary Specialist in Equine Medicine is to assist the senior and junior staff within this unit, in all aspects of equine medicine. This position is designed to assist in the development and growth of the equine unit's referral practice.

Since our inception 160 years ago, the University of Sydney has led to improve the world around us. We believe in education for all and that effective leadership makes lives better. These same values are reflected in our approach to diversity and inclusion, and underpin our long-term strategy for growth. We're Australia's first university and have an outstanding global reputation for academic and research excellence. Across our campuses, we employ over 6000 academic and non-academic staff who support over 60,000 students.

We are undergoing significant transformative change, which brings opportunity for innovation, progressive thinking, breaking with convention, challenging the status quo, and improving the world around us.

To be considered for this position it is essential that you address the online selection criteria. For guidance on how to apply visit: *How to apply for an advertised position.*
