

The Equine Clinic of the Ludwig Maximilians University Munich offers one position as

**Resident of the European College of Equine Internal Medicine (ECEIM)
(m/f/d)**

Requirements:

We are seeking a highly motivated candidate who holds a DVM degree or equivalent and who already completed a (German Dr. med-vet.) thesis, MS degree, or equivalent. Research experience and a completed rotating internship (in Equine Internal Medicine) or a minimum of 2 years of equine clinical experience as well as good knowledge of the German language are pre-requisites. The applicant should also have a good knowledge of spoken and written English.

Main tasks:

Contributions to clinical work in all divisions of the Equine Clinic (Internal Medicine, Reproduction, Surgery); however, with emphasis on Internal Medicine; after-hour emergency service (nights and weekends), student supervision and clinical-based teaching, as well as scientific research as required by the college (ECEIM).

What do we offer?

A 4-year residency program, working in an academic environment as a member of a highly motivated and friendly team and under supervision of diplomates of several specialty colleges.

The ECEIM position will be available from September 2022. The application deadline for the position is July 17th, 2022.
